1. Something valuable is lost.
 - a) Some people, like sheep, are lost because of poor choices.
 - b) Some people are lost through little fault of their own.
 - c) Some people are lost because they have deliberately turned their backs on God.
2. We search for those who are lost.
 - a) We search for the one who wanders away.
 - b) We search for those who are disadvantaged.
 - c) We search for prodigals.
3. The finding of a lost person is cause for celebration.

Jesus said, “there is rejoicing in the presence of the angels of God over one sinner who repents.” Luke 15:10

The father, “we had to celebrate and be glad, because this brother of yours was dead and is alive again; he was lost and is found.”
Luke 15:32

Application:

For those who are lost . . .

For those who are following Jesus . . .
